

Save Grove Park - Save Our Heritage Campaign

We the undersigned, wish to ensure the future of the building formerly known as Grove Park Girls School, Wrexham. The building was built as a dedicated girls grammar school in 1938. The building is now falling into disrepair and we oppose Wrexham County Council Executive Committees plans to demolish it. It is a beautiful red brick building and has many features of historical importance. If the building is demolished, these features can never be recovered. Please sign the petition, and also contact your local councillor to express your concern. Please send an objection to the Planning Application P/2016/0042 at the Planning Department, Wrexham County Borough Council. Thanks for your support.
