

At this point of our Save the Groves campaign we need as many people as possible to write to each of the local area councillors to voice our opinion.

Below is a template that you may find useful if you are writing to a member of the executive board or a councillor who has stated they are in favour of demolishing the old Groves building. Please feel free to add your own personal story or opinions. Individual letters matter.

It will also be helpful to write to councillors who are against the demolition. Simply insert your thanks for their support at the beginning of the letter. To close, thank them again for supporting the call to stop the demolition.

Dear Cllr \_\_\_\_\_,

I/we are writing to express my/our dismay of the decision to demolish the old Groves school building.

The rushed decision by members of the Wrexham council executive board is outrageous and must be reversed.

The decision to demolish the building fails to take into account the widespread and deeply held public affection for the building. It is a much loved, architectural gem that has significant historical significance to our town and it must be saved.

We must have a meaningful, open and transparent public consultation about the future of the Groves, regardless of what the educational planning is for the future of the site.

We cannot reverse engineer history. We must have a meaningful discussion about saving our architectural heritage. Stop the demolition.

Sincerely,
